

**JUSTICE
FOR ALL**

FALL 2006 REPORT

Congrats to Kapaun Mt. Carmel High School's 1st team! Nine Kapaun students enrolled in JFA's Exhibit training **and** attended the Wichita State University Exhibit outreach in late August 2006.

ONE STUDENT AT A TIME...

Is Alive With Each Exhibit Outreach...

Fall 2006 Exhibits reached out to **105,000** ! (2004 and 2005 fall Exhibits together totaled 82,000)

Each fall, the Justice For All

(JFA) Exhibit travels to one or two universities in the Kansas, Oklahoma, Nebraska, Missouri or north Texas region. We actively seek to build educational partnerships with private schools in these Central Plains states.

The fall 2006 Exhibit at Wichita State (WSU) was highlighted and under-girded by pre-Exhibit training at Kapaun Mt. Carmel High School (400+ students), Trinity Academy (30 students & faculty), Central Christian Church (35 students), and WSU students and adults from the community (75).

"Being a missionary kid, I have talked to strangers many, many times before, but...the JFA Exhibit stretched me to share what I believe—something I have hardly ever done before, and, Lord willing, I will never shrink back to my previous size ."

— Esther Gray, Central Christian high school student

Colorado State University

September 25-27, 2006

For the past 9 semesters the JFA Exhibit has traveled to Colorado (CO), rotating between 4 CO universities once every two years. Over 1200 Focus on the

Family Institute students, nearly 400 CO high school students, several hundred CO university students, and hundreds of CO families later, Colorado has become a JFA Exhibit showcase for changing hearts!

"What I learned and saw...I will carry with me for the rest of my life." — Lindsey Goff, Auburn University

The fall 2006 Focus on the Family Institute class totally rocked!

...With Each Volunteer Trained!

Fall 2006 volunteers trained: **385** ! (2004 and 2005 fall volunteers trained totaled 245)

While politicians made their last bid for election, JFA Exhibit volunteers made their pitch to fellow students at the University of New Mexico (UNM). Who will have the most impact? We'll take the JFA Exhibit and student volunteers every time! JFA club officers, Jenny (below left), pre-med, and Matt (below middle), engineering, changed the UNM campus! Unmasking the truth about abortion is relatively easy. Confession of abortion sin is a quantum leap beyond. The Lord said that some evils (Mark 9.29) require a special level of prayer.

"I was forced to look at the reality of how far the post-modern poison has infiltrated my peers. ...if I am to be a servant of the Lord, I need to be investing in my peers and campus to share the truth. I would recommend not only joining JFA on other campuses, but I would press for working for JFA to come to your own campus. Take a stand and get out there!" — Sorrel LaVigne, University of New Mexico, fall 2006

From very early in my life, my parents ensured I was present at most of the Pro-life events in our city. However, the visit from Justice For All to NMSU was **THE** single most effective pro-life action to change hearts and minds about abortion. —Max Lubitz, NMSU senior

Sandra Garcia (girl left) is one among thousands at New Mexico State University (NMSU). Yet her leadership to bring the JFA Exhibit to her campus put a face on abortion for thousands of NMSU students and gave UTEP volunteers the experience of a lifetime! Sandra had the privilege of talking to the NMSU girl who decided **not** to have an abortion and wrote about her decision (below) on the JFA Free Speech Board:

"Seeing this [Exhibit] makes me sad. Thanks 4 helping [me] make a decision." — NMSU student

UTEP student from Mexico tells JFA Director, David Lee, about women from his city, Chihuahua, Mexico, who travel to El Paso (4 hrs) to obtain abortions.

We keep divine appointments, but we don't usually get to schedule them! It was evident from the start that the University of Texas—El Paso (UTEP) Exhibit was on God's calendar. Now we know why. *Former Embryos For Life (FEL) who sponsored the Exhibit*, love God, actively share their faith in Christ, and are committed to helping babies and families at risk to abortion.

El Paso and its sister city, Juarez, Mexico, separated only by the Rio Grande, have a combined population of 2.3 million! According to UTEP students, the bridge between El Paso and Juarez is not only a thriving

commercial thoroughfare, it has also become a *puerta giratoria* (revolving door) for Mexican women seeking abortions in El Paso.

Providentially, Arizona State University student, Rosa Camou, felt burdened last January to translate the JFA Exhibit brochure into Spanish! The graphic re-design and printing of 5,000 brochures will cost about \$6,500. With help, FEL students hope to begin placing Spanish JFA Exhibit brochures into the hands of at-risk Spanish-speaking families by the fall of 2007. We'll report more on this opportunity early in 2007.

This [Exhibit experience] inspired me to do more in my community by teaching others the material I have learned! I plan on extending the Exhibit to local churches in my community by giving talks on abortion and teaching the youth to step up and feel comfortable to speak about abortion openly.

JUSTICE FOR ALL NEEDS YOUR FINANCIAL SUPPORT!

The price tag to bring the full JFA Exhibit program to a university is about \$15,000. The value of one heart changed or one life saved? [Click here](#) to see the definition of *immeasurable*!
