Dear David,

Hello, I trust this finds you healthy and being faithful to the work God has ordained for you to do as I am sure you are.

Just wanted to let you know the Justice For All "The Exhibit" brochure saved an unborn baby's life this week.

A few months ago, I gave the brochure to my Chiropractor... . The next time I was in his office, he asked if I had more, as he wanted to give one to someone. As I still have 5 in my file, I gave him 3.

This Tuesday, he asked for more as he had given all but one away. The last one went to a 21 year old woman, who is pregnant outside wedlock and was seriously considering abortion. She opened the brochures and [my chiropractor] said he heard her gasp, and then asked, "Is this what it really is?" They talked about fetal development and abortion, but she and her mother left the office without indicating any decision regarding her pregnancy.

Today, [my chiropractor] said he learned the woman has determined not to abort. She took the brochure and made her boyfriend look at it and is also taking it to his parents this weekend!

Just thought you might like to know - your work is reaching far.

Having said that, I do not have any more brochures. Do you still keep them in stock and if so, how may I order more?

By the way, I am planning to attend the Boulder, CO exhibit in September but I understand you have not yet set a date. Would you please let me know as soon as you get the date set? I'm planning to make a road trip so I need time to prepare. Thank you.

I look forward to hearing from you soon.

Because of Christ,
