Tammy,

I've been meaning to share this with you. When you [JFA] were here at UCO [University of Central Oklahoma] our Client Services Director, Stephany, had taken a group of teens to counsel there.

One of the girls (a high school junior) had taken your [JFA Exhibit] pamphlet to school and shown it around. Several months later she received a note that said,

"Katie, you don't know me, but those pictures you passed around at school about abortion saved my baby's life."

Isn't God good!

[BTW] We never heard from the girl at OSU who told [us] about her mom taking her for a 20 week abortion on her 15th birthday. I hope she gets help elsewhere.

Things are going well here. We are gearing up for our April Banquet. Rev. Jesse Lee Peterson will be speaking.

This is a link to clips from a new documentary coming out soon called "[After Abortion: The Untold Story](#)." They used my testimony as one of the bonus clips.

It was good to see you. Looking forward to next time! May God richly bless you and the work you do for HIM.
