# Host Homes Needed

in the Los Angeles area:

**Nights of May 29 – June 3, 2015**

6 Males

6 Females

1 Couple (with a baby)

## Housing Preferences

### *Non-smoking homes, please*

- We try to house a minimum of 2 persons in one location, **but only one per bed**. Exceptions are made in the cases of female staff/volunteers and married couples. We prefer not to use sofa sleepers/ air mattresses, if possible.
- It is our policy to not place our male staff in the homes of single or widowed women nor our female staff in the homes of single or widowed men.
- We ask that each host home please provide a light breakfast each day. (Guests typically leave each morning before 8 a.m. and often much earlier.) You would not be responsible to provide lunches or dinners. However, if you would like to sign up to host a group lunch or dinner, thank you! You can ask Rebecca for details (see below).
- We will have our own transportation. It is helpful for host homes to be within a 30-minute drive to our campus outreach site (UCLA). Closer is even better, but we know this is not always possible.

**To help with housing, please contact Rebecca**

**Phone: (316) 683-6426**
