Host Homes Needed

in the Los Angeles area:

Nights of May 29 – June 3, 2015

6 Males

6 Females

1 Couple (with a baby)

Staying with host families allows JFA staff and volunteers to get to know the community and to personally share our vision for making abortion unthinkable. It also allows us to save thousands of dollars which we then use to train more pro-life leaders of the next generation!

Housing Preferences

Non-Smoking Homes, please.

- A. **We try to house a minimum of 2 persons in one location, but only one per bed.** Exceptions are made for this in the case of married couples and female staff/volunteers. If at all possible, we prefer not to use sofa sleepers or air mattresses, please.
- B. It is our policy to not place our male staff in the homes of single/widowed women nor our female staff in the homes of single/widowed men.
- C. We ask that each host home please provide a light breakfast each day. (Guests typically leave each morning before 8am, often much earlier). You are not responsible to provide lunches or dinners, as they are provided for our team as a group. If you would like to sign up to host group lunch or dinner, thank you! Please ask Rebecca for details (see below).
- D. We have our own transportation. It is helpful to have host homes within a 30 minute drive to campus (closer is better but we know it's not always possible).
