Graduation and Multiple Moves all in a Month

Dear Friends,

Things are happening fast, now! I graduated from Wheaton College two weeks ago and have been back in Maryland with my family. A lot is going on here besides my own plans, as my parents and younger sisters are preparing to move to Minnesota the very same day I head out to Kansas to begin working with Justice For All.

I shared the JFA brochure with many students at Georgia Tech. The larger exhibit impacted thousands more throughout the campus.

I've been helping out with all the work that has to be done, and thinking and praying as I prepare to take this next step that God seems to have laid out for me.

It has been encouraging to remember my recent experiences with JFA during spring break, when I and a small group of Wheaton students joined them for an outreach in Atlanta. We experienced the Debate to Dialogue training seminar and spent three days on the campus of Georgia Tech, engaging with students there.

As I had been through a similar outreach before, the highlight for me was seeing the way the friends I brought with me were stepping up to the challenge of caring for people. It was a joy to see how excited they were to be much more equipped to

handle the difficult topic of abortion in everyday conversations.

It's inspiring that I was able to help provide people with this amazing learning experience. And of course it was great to see the staff from JFA again. I'm so blessed to get to work with this awesome group soon in the Wichita office!

Our Georgia Tech team is above. Wheaton members were Coco (2nd seated person from left in cap), James (top row, 3rd from left, Me, (top row, 4th from left), and Sam (not present for photo).

Thank you so much for your support and encouragement. I can hardly believe I'm already done with college and ready to take this step of faith.

Keep me in your prayers—that this time of transition would go smoothly, that I would stay open to the experiences God has for me through this internship, and that I might be used to serve others—perhaps even to inspire future JFA interns!

Blessings,

Holly Meath
