

JFA is Coming to Atlanta and Athens

This month JFA will travel to Georgia to conduct four seminars and several days of outreach (see our full schedule below). I strongly encourage you to participate in our training program.

I would love for you to participate and be blessed by doing pro-life mission work in our community. [My wife had to convince me to go on my first JFA campus outreach, and the Lord radically changed my life through that experience.](#)

Some of you might feel the same way I did, or you may not feel ready, but consider the following reflection from Jennifer, a high school student whom we trained in Oklahoma last year:

Though I have always been very pro-life, I had never done any pro-life work. I had not done research on abortion or practiced defending my view. I had no facts, no plan, and no confidence. In short, I was not ready for any conversation with someone who was pro-choice... The training proved to be exactly what I needed, equipping me with the knowledge and skills I lacked... Thanks to the seminar and outreach [Seat Work and Feet Work], I am pretty confident in starting a conversation about abortion and am equipped with the skills and tools I need. I continue to bounce ideas off of other pro-lifers and would encourage them to attend the training program.

We were recently blessed with our fourth child, and Baby Nels is expected to be born in late August. Please join us in praising God for His blessings, and for the good health of Brit and the baby.
