Joanna Wagner's Monthly Update

Following my return from China this summer, I began a busy travel schedule filled with both work and personal events. Included here are pictures from the main JFA projects I participated in this fall. In all of the coming and going, I struggled to keep up consistent, focused time with God and His Word. I have noticed the negative impact this has had on my ability to serve others with full energy and focus. As you read the enclosed letter, "A Person is a Wonder," please pray that God would help me prioritize time with Him in 2016 and that this would revitalize my conversations during our upcoming events. - Joanna
