Copperas Cove Church of Christ

October 7, 2010

To Whom It May Concern:

We are writing to commend John Michener, a fellow Christian and regional manager at **Justice For All (JFA)**, for your consideration. Justice For All is an organization that raises awareness of the abortion issue on college campuses around the country. In the main, today's generation of college age students view abortion as an acceptable solution for unwanted pregnancies. John's work enables him to dispel that view.

John's presentation will give you an excellent insight into JFA's methods used to educate college students about abortion, for the purpose of prevention, and to promote healing, for those who have already had abortions, with the ultimate goal of bringing souls to Christ. Our congregation was extremely impressed with his presentation and we think you will be too.

John's family was an integral part of our congregation for many years while his father, one of our elders, was stationed at Fort Hood. We have watched John grow from a child to an adult, who has a heart to serve the Lord and a passion for the pro-life position. As he was growing up, his outgoing personality drew him to others. As a grown man, he has an excellent ability to communicate well with other, especially young people, making him well suited for this work.

As elders of the Copperas Cove Church of Christ, we heartily recommend that you take the opportunity to schedule John's presentation of JFA and consider helping him in this endeavor.
