

Preparing to Speak the Truth in Love

JFA volunteers from Fellowship Christian School reflect on our *Abortion: From Debate to Dialogue* seminar.

JFA's Abortion: From Debate to Dialogue seminar prepares people to listen well and to speak the truth in love.

This past spring JFA traveled to Arizona, Oklahoma, California, Georgia, and within Kansas to conduct these seminars, and we followed them up with outreach, which helps volunteers continue their training experience through real-life application.

Below are several of the reflections we received after our seminar with Fellowship Christian School (FCS) in Roswell, GA. I hope that these reflections (coordinated with their school colors!) will greatly encourage you just like they have encouraged our staff. You'll notice how often our volunteers are impacted for abortion discussions AND for discussions of multiple topics in many different settings.

"Thank you <u>so</u> much for training us and for helping us know how to present our case well and with compassion." — Emma

"I enjoyed learning how to defend my view on abortion."—Ellie

"I feel more equipped in talking to strangers, specifically on this [abortion] issue. So happy I chose to take this training." — Sarah

"I learned some valuable facts, information, and skills I wouldn't have known had I not come today." — Mitchell

"Learning how to interact with people in an open, relational way without compromising my ideas was very helpful." — Elise

"Great experience. I learned a lot of important skills and feel more ready to defend my pro-life views." — Kathryn

Thank you for helping us impact these FCS students and the hundreds of others who have gone through our seminar. Your support is a huge encouragement to us.

Defending human value together,

Jonathan Wagner
