Dear friends and family,

What could be more rewarding than helping the next generation of America's leaders make abortion unthinkable for millions of their peers!

I am pleased to announce that you can do just that by supporting Maureen Barr as she joins the [Justice For All](#) (JFA) Exhibit team. The mission of Justice For All is to train thousands to make abortion unthinkable for millions, *one person at a time*. (Read more about the JFA Exhibit in the enclosed flyer.)

At age 23, Maureen represents the next tier of leadership in our nation. She is incredibly talented and positioned to help change the course of American history for her generation.

Maureen was part of the student club that brought the JFA [Exhibit to Arizona State University](#) (ASU) in February 2006 (*where at least two lives were saved*). She is also assisting with preparations for the upcoming March 2008 ASU Exhibit. You can read about Maureen's resolve and dedication to saving the lives of unborn children at risk to abortion in her enclosed note.

Maureen's goal is to move from Arizona to **sunny** Wichita, Kansas, in September 2008, where she will join JFA's training and travel team. Because of the [national impact of the Justice For All Exhibit program](#), many mistakenly assume that JFA has a large staff and budget.

**On the contrary**, Maureen, like the other 7 full-time JFA staff, will need to raise up a financial support team in order to begin her work with JFA.

I urge you to become a member of Maureen's support team by returning the [enclosed coupon](#) with a generous financial commitment. Your investment in Maureen and Justice For All will help train thousands to make abortion unthinkable for millions, *one person at a time*.

Sincerely,

David W. Lee  
Executive Director
