

JUSTICE  
FOR ALL

# Impacting Those Who In Turn Impact Others -- Part 1

University of Central Oklahoma (and beyond) -- October 15-16, 2007

Luke being  
impacted

You can make an impact when the Justice For All Exhibit travels this spring to San Luis Obispo, CA, Santa Barbara, CA, Tempe, AZ, and Denver, CO.

On September 14, 2007 I gave my basic Justice For All presentation to Luke, a friend I had met in Wichita. He was already pro-life by conviction but he had never applied his views.

When I told him about an opportunity to impact students at the University of Central Oklahoma (UCO), he agreed to travel from Wichita, KS to Edmond, OK, to attend JFA's Exhibit training seminar, "Abortion: From Debate to Dialogue" (see Luke pictured left).

JFA's training seminar helped prepare Luke for the outreach on the UCO campus, where Luke had an almost immediate impact on a UCO student named Derik.

Luke making  
an impact

When Derik initially approached Luke and me, he claimed to be pro-life. After a brief dialogue, he admitted that he had no intention of helping other people and no intention of trying to take an active roll in stopping abortion. He admitted that he was in fact, pro-choice.

Derik left for class, but returned after class to seek Luke out again to tell him, "Hey Luke, I changed my mind—and you helped me. Thanks man. I am going to tell my friends to come see this Exhibit."

Within two hours, Derik returned with his whole class in tow—at least 20 people. Derik asked me if I would be willing to give the class a tour of all 3 sides of the JFA display and field questions! (See picture of me with Derik class on the reverse side.)

**It will take an eternity for the unborn to defend themselves**

Derik brought most of this crowd to me.

Notice the progression of influence and impact. My opportunity to impact Luke; Luke's decision to travel from Wichita to Oklahoma City to learn how to impact others; Luke's willingness to reach out to Derik; Derik's willingness to consider Luke's position, followed by an almost immediate decision to influence his entire UCO class.

I believe that UCO was just the beginning for Luke and his main influence will be here in Wichita where he has most of his contacts and much greater influence. We hope Derik will continue to make an impact in his sphere of influence, at UCO.

Like Luke, you can have both a significant and almost immediate impact for truth! **Mark your calendars: JFA's acclaimed seminar - "Abortion: From Debate to Dialogue" in San Luis Obispo - Sunday, March 9, 2008, 1 - 5:30 pm - location to be announced. And don't forget to bring some guests!**

**I hope to talk with you personally about this opportunity.** My goal is to get 500 or more people signed up for JFA's training seminar! I have actually told our staff that I will take them all out to eat if I do not accomplish that feat.

## Praises and Prayers

- Praise God that Luke was able to attend our seminar/outreach and make an impact.
- Praise God that Derik was willing to listen to Luke, consider the truth, change his mind, and then reach out immediately to his peers.
- We're growing!! Three new interns have started to raise support to join our staff.
- Prayer that everyone reading this letter would do their very best (in their spheres of influence) to make an impact on the abortion controversy.

**Thank you for your prayer and financial support this year for my internship and for my JFA golf marathon. Please consider partnering with me again in 2008 by reading the enclosed form. I have been encouraged by each of you.**

Defending Human Value together,

*Jonathan Wagner*
