

## Short-Term and Long-Term Impact

She responded in a mere 15 minutes, but her impact will be felt for years.

CK (Cheryl Kaye) Wisner has been a good friend of mine since 2011. She lives in Derby, Kansas very near our office in Wichita. I met CK around the time when JFA was first seeking to focus more of our team's energy locally.

In early 2012 I sent out an email alerting people to our ministry's need for office assistance. CK responded quickly to our need (in roughly 15 minutes)! She was interviewed, was hired part-time, and began working faithfully. She soon agreed to consider becoming an active member of our training team.

Later in that first year of CK's work with us, she had a life-changing experience at our 2012 University of Kansas event and agreed to raise support for a full-time internship and join our training team. In her subsequent reflection she proclaimed, **"I'm so excited**

**"One of CK's most significant contributions to our team is the ability to relate to college students at a JFA outreach because she cares deeply about reaching people who are hurting. Armed with her golden heart and truth, she confidently shares God's love with them as well as a message of hope which results in lives that are changed forever."**

- Tammy Cook, CK's supervisor

**that I'm equipped to engage in dialogue and love people while pointing them to the truth. I can't go back to the way my life was before I went on this missions trip."**

CK continued to work faithfully in her part-time role, diligently raised her support (by God's grace), and is now a full-time JFA team member. She made an immediate impact by helping with our office needs and is now a dynamic speaker, mentor, and all-around JFA teammate. She spends much of her time organizing and participating in events around Kansas, but is also a vital part of our events in other parts of the country.

CK's loving heart, wisdom, and willing attitude has blessed our team since 2012 and we are excited to see her continue to grow. Her Christ-centered

focus and devotion has encouraged us all. On top of that, CK's speaking ability and communication skills are top-notch. Starting out by filling a short-term need, CK has now impacted thousands of people, including me, through her work!

**On the reverse, I've included one of CK's newsletters**, describing JFA's recent event in Oklahoma with Christian Heritage Academy (CHA). CK and I worked together to mentor a group of the CHA students and we witnessed amazing dedication and growth in them. As always, I enjoyed working with CK, and I hope you enjoy her short reflection.

Defending human value together,

Jonathan Wagner

CK speaks to Arizona high school students in February.

## Students Who Inspire Me

CHERYL KAYE WISNER'S MONTHLY UPDATE

APRIL 2015

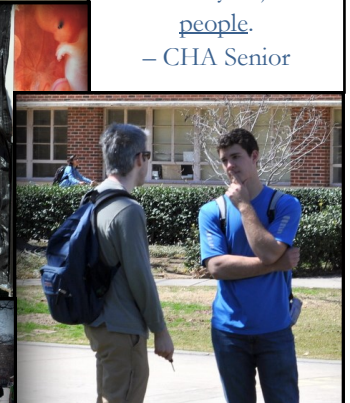

Dear Family and Friends,

In March, Justice For All (JFA) hosted a three-day camp for sixteen Oklahoma high school students from Christian Heritage Academy (CHA). My colleague Jon Wagner and I worked together to mentor four of the young men who had previously been through JFA's training program. It was a joy to come alongside them in the seminar and help them sharpen their conversational and relational skills. When we held an outreach event with the students at the University of Oklahoma, I was extremely impressed and proud of how the students pursued and engaged those on campus with truth and love. The way they defended the unborn child and the Gospel of Jesus deeply inspired me. The pictures and student comments, shown below, will give you a glimpse into this wonderful trip.

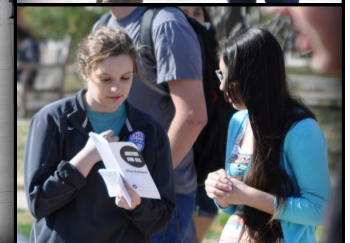

I loved the [JFA seminar] and outreach. I feel like the [seminar] prepared me well for the outreach. I was terrified to talk to anyone, and made a goal to talk to just one person. Once I talked to one, I couldn't stop. I realized they're just people.  
— CHA Senior

[Through JFA], I got an incredible opportunity to not only talk about abortion but also about my faith. My conversations had a deep impact on me...I was stretched, but it made me grow both as an apologist and as a believer in Christ.  
— CHA, High School Student

Learning how to defend the unborn not only challenges me, but also encourages me to continue to learn and share with others.  
— CHA, Senior

Blessings, *Cheryl Kaye*
