

## Area Ambassadors Strengthen JFA Outreach

Cal Poly S.L.O. - March 10 - 11, 2008

- **Adam Weatherby (ABC Church) and Ted Wagner (Santa Margarita Community Church)** encouraged their students to take abortion seriously and to attend our seminar. Many of them came to the training and also to the outreach.
- **Aaron Porter** opened up two church services for our staff for a special training seminar. The students at his church left our training equipped to speak with their friends that entire week and in their spheres of influence for life. We were so thankful for Aaron's willingness to help us maximize our efforts.
- **Ashley Whipkey** went through the Making Abortion Unthinkable series and attended our seminar. She came to Cal Poly very equipped and ended up having some great conversations. She has since been able to talk to others about abortion. Ashley is in 11th grade and is committed to defending the unborn .
- **Travis Phillips** was well trained before the exhibit outreach and spent significant time talking to his fellow students on campus. Travis then helped us with our Golf Marathon and next year will look to be very influential in the Cal Poly pro-life club as he starts his 2nd year there in September.
- **Ben Wagner** (facing camera in blue sweatshirt) worked diligently to help Justice For All make an appearance at Cal Poly. He helped with club logistics, paperwork for our exhibit, reservation details, and several other things. He's graduating this year but is committed to helping Travis Phillips take leadership.
- **Joanna Wagner, Kristi Vail, and Kylie Bennett** spoke to the AHS Thrive club about abortion and how about how students should respond to this extreme injustice.
- **Clayton McDonald and Kyle Melin** *Students and JFA volunteers discuss the abortion issue at Cal Poly* did speeches in class that had to do with abortion, attended our training, and will look to make an impact at Cuesta next year.
- **Jim Coles** (facing camera in yellow) and his wife, **Kimberly**, hosted a Making Abortion Unthinkable study to ready many students for our program.

**It will take an eternity for the unborn to defend themselves**

## "Common Ground Across North America" is July 13-20

- The easiest way to start a conversation about abortion. - Everyone can do this!
- <http://www.cgana.blogspot.com/> (The official blog for Stephen's project)
- **From the blog:** "Create ONE conversation with ONE person for ONE hour in ONE of many cities during the week of July 13, using ideas from the book, *[Common Ground Without Compromise: 25 Questions to Create Dialogue on Abortion](#)*"
- **The big idea...** "Create real dialogue about abortion by using genuine common ground to help us discuss our disagreements." - Stephen Wagner, Stand To Reason

## Prayer Requests / Praise Reports for July

- Prayer for each of these potential interns as they communicate with friends and family about their upcoming opportunities.
- Prayer for the '08 graduated high school seniors who have an opportunity to make an impact at Cuesta College, Cal Poly SLO, and other schools around the country.
- Thanksgiving for the four women who are currently raising support to join JFA. That includes the three I am training, Catherine Wurts, Angela Pearce, and Lara Plumlee, and Maureen Barr who is being coached by our Field Operations Director, Tammy Cook. We are excited to have Maureen, an experienced volunteer, on board full time.
- Prayer for more men to consider working for Justice For All and other pro-life organizations around the country.
- Thanksgiving for Aaron Porter who gave us two full services at 1<sup>st</sup> Baptist-SLO (Celebration services) to train the students in his church.
- Thanksgiving for Ben Wagner for keeping the Cal Poly Pro-life group alive and for Travis Phillips being willing to build the club over the next several years.

Traveling to Cal Poly - SLO was special because of how much hometown support I had. It was great to see so many of you in March around the time of the outreach and in June for Graduation. Thank you for your continued support and encouragement.

Defending Human Value together,

  
Jonathan Wagner
