

# Family and Friends: My Co-Ambassadors

## Just a few of the special people I saw during my stay in California

**8th grade Awana students:** I visited my 8th grade students at their Awana group in Glendora, CA. These future leaders of our nation and the church have been ambassadors-in-training with Mike this last year and with me since 2003. I know these students will make an impact in high school. (See picture on reverse)

**Stephen's bachelor party crew:** When is the last time a bachelor party included a hike with seven other family members and an exhortation from 1 Corinthians 16: 13-14 which states, "Be watchful, stand firm in the faith, act like men, be strong. Let all that you do be done in love (ESV). (Picture below is from the hike)

"Fusion" young adults, who I spoke to at ABC church about "A Biblical response to the abortion controversy" These students are ambassadors for Christ and human value at Cal Poly San Luis Obispo, Cuesta College, and at Work.

**Matthew O'Connell** organized a service project that I helped with. 45 kids worked for 3-5 hours to sort and wrap sports cards for hospitals. We recruited kids from six schools, several student clubs, and many churches. Matthew is only in 9th grade!!!!!!!

**Grace Wagner:** I had the honor of giving a tribute to my mom at Santa Margarita Community Church for Mothers' Day. Grace raised seven kids and has taken care of both her mom and mother-in-law for much of the last five years. Her dedication to the rearing of and caring for ambassadors is empowered by God, admired by all, and matched by few. Mom, you are a legend and I love you. Happy Mother's Day to all Moms; you work in a forgotten yet essential profession.

**Stephen and Rebeccah Wagner:** As a groomsman in my brother Stephen's wedding, I watched him kiss his wife, Rebeccah Pedrick, for the first time **ever!** Some talk purity—others walk it. Go Steve & Rebeccah!

*"Before we can live life to the fullest,  
we must first understand what is important and why we are here."*

In honor of all the ambassadors who have taught and challenged me - Jonathan Wagner

## Partial Birth Abortion Ban Upheld

As I'm sure you know by now, the US Supreme Court upheld the *Partial-Birth Abortion Ban Act of 2003*, on April 18th. Unfortunately, many Americans are unclear as to what this means. We were on the University of Colorado at Boulder's campus when I first learned of the Supreme Court decision. Students, pointing at the late trimester abortion pictures on our Exhibit would complain that those abortions are not even legal anymore. I learned first hand of the American public's ignorance on this law.

Well, here is the scoop. This Ban only limits one type of abortion method, it does NOT restrict when in the pregnancy you can get an abortion. As a matter a fact, a mile away from our Exhibit on Boulder's campus, late-term abortionist Warren Hern has always used other methods to do 2nd and 3rd trimester abortions. As does late-term abortionist George Tiller in Wichita, KS.

Pray that this ban helps awaken more Americans minds and hearts to the inhumanity of ALL abortion.

## Prayers and Praises

- Praise God for providing great contacts for JFA's University of Central Oklahoma trip in the fall.
- Please pray for our fall schedule. Pray in advance for the people we will meet and influence. Pray also that we can get the adequate support and volunteers for all the campuses this fall.
- Praise God for the great trip I had to California and Texas and safety as I traveled.
- Pray for pro-life advocates Stephen and Rebecca Wagner as they begin their journey as newlyweds. Pray that they would empower each other to be even more effective in their defense of the value of all human beings.
