Dear Support and Prayer Family,

I'm in Kansas! I arrived at 10 p.m. on Saturday night after 17 hours of nearly continuous driving by my father. "Thanks Dad!" And thank you for making it possible.

I'm living with the family of the founder of Justice For All (JFA), David Lee. I have already met some amazing people with whom I will be working. I'll send pictures later!

As of today, I have 87% of the support that I need! If you've not yet joined my support team but want to, there's still time!

In just days we'll take the JFA Exhibit to the University of Arizona and Arizona State University. I leave Wednesday morning and ride in the truck that pulls the Exhibit. (17 more hours in the car!)

We'll train 200 students who will join us for our campus outreach that week. Then together we'll spend two days at each university dialoguing with interested viewers.

I can't wait to tell you about the hearts that are changed and lives saved.

Your support helps us reach these students. Thank you!!!!!!

Please join us in prayer for:

- Safe travel to and from Arizona
- Good weather
- Ready hearts (our hearts and the hearts of those with whom we will speak)
- Opportunities for genuine dialogue
- Many volunteers
- Arizona students who may be considering abortion or have already had an abortion

"I thought I was going to come out here and hear crazy Christians who could not defend their views. Now [after talking with you] I don't want to be pro-choice anymore."

--University of New Mexico student, after a dialogue with a JFA volunteer, October 2006
