Reaching People Before and After Abortion

I have known for a long time that there is a huge need around the country for preventing abortions. One of the most profound things I learned on the UC San Diego trip was that there is also a big need for people to talk with and care for others who have already had abortions. Through my work with JFA, I have the ability to do both.

One girl I talked to, Rachael, told me that I had given her a lot to consider with regard to when we become human. She also thanked me for the kind manner in which I discussed the abortion topic compared with her previous encounters with pro-life advocates.

Your support will help and me (and Justice For All) reach more students like Rachael. Thank you.

Here I am shaking hands after a great conversation.

Please pray for my efforts to complete my support raising. Lord willing I will be able to increase me from 6 hours/wk to 20 hours/wk starting in September.

RESULTS OF MY SUPPORT RAISING EFFORTS TO DATE

- As of August 3rd, I've reached over 15% of my support goal for part-time work.
- 6 people or families have partnered with me for this ministry.
- I am excited for the support meetings that I'll have over the next few weeks.
- I will now work 6 hrs/wk and will increase my hours as my support increases.

Before I can work 20 hours/wk, **I still need to raise about 85% (or about \$640/mo) of my monthly support.** Thank you to all of you who have already donated.

If you are not yet part of my monthly support team, please prayerfully consider joining!

Defending human value together,

Jeremy Wheeler
