January 2014

I went to a JFA Training event and found it to be enlightening, invigorating and life-changing. It changed my life in that previously I always tried to convert others to my way of thinking by beating them up with details that I felt certain they wouldn't know.

However, now I find that it is far more productive and much less stressful to have them ask questions about what I might know that they don't know. It's a whole new world. Praise the Lord.

Preparing people to have conversations on their own is what we do. Therefore, we are always encouraged to receive reports, like this one on the left, from participants in our training program who take what they learned and apply it.

Kicking off this new year, I would propose a challenge to you. Come to one of our SEAT WORK and FEET WORK training events or bring a friend if you have been before. Below is our tentative spring schedule.

If a date below looks like it will work, please let me know, and I will register you for the seminar and outreach.

In Christ,

Paul G. Kulas
