To Whom It May Concern:

As the Director of Pastoral Care and Head of the Theology department at Kapaun Mt. Carmel Catholic High School, I have been pleased to welcome JUSTICE FOR ALL into our school to give pre-outreach training presentations to our students. I am impressed by their professionalism, their understanding, and their sincerity. For the most part, our students are very strongly opposed to abortion. However, JUSTICE FOR ALL was able to give them more information on the topic. More importantly, they showed our students how to respect the lives of those on the opposite side of the battle lines. Their methods of moving from debate to dialog are applicable to discussions of so many issues.

Our students were very impressed by what they saw. They were powerfully affected by the presentation and continued talking about it for several weeks afterward. They better understood the importance of speaking out against abortion. Many have taken steps since then to do so. Several participated in the JUSTICE FOR ALL outreach at Wichita State University.

One student who participated in the outreach wrote:

"Their calm, understanding way of speaking to those who disagreed with them was astonishing. From anger to tears to apathy, these people knew how to control themselves and still dialogue successfully about abortion with others... This was by far the most moving experience in my life."

JUSTICE FOR ALL provides a powerful witness to the dignity of life by what they say and by how they say it. I highly recommend them to other schools and organizations. We have much to learn from their zeal, their information, their methodology, and their thorough respect for all human life.

Yours in Christ,

Fr. David Marstall
Director of Pastoral Care
Kapaun Mt. Carmel Catholic High School
