*Assisting God's People to Proclaim, Celebrate, and Serve the Gospel of Life.*

June 5, 2003

Dear Friends,

It is my pleasure to recommend and encourage your support of Justice for All (JFA), a pro-life educational project which brings the truth about abortion to high school and college students across the nation. JFA's university campus Exhibit is extremely effective in creating the debate about abortion, changing hearts and saving lives.

This work, and the people who carry it out, have been familiar to me for years. The project is based on a serious and persuasive analysis of why abortion continues in our nation, and of what works best to stop it.

The participants, moreover, are as respectful to those who disagree as they are committed to the protection of the unborn. Here is an example of students' reaction to the JFA Exhibit:

*I appreciate the straightforward, justice-oriented approach to the abortion debate. I wish there could be 25 of these displays touring universities, city halls, libraries, and other public places throughout the U.S. Your work is God-ordained in the effort to end the abortion holocaust. Let me know how I can help.*

It is my hope and prayer that you will give serious consideration to supporting the JFA Exhibit with your time, talent and treasure.

Sincerely,

Fr. Frank Pavone  
National Director, Priests for Life  
President, National Pro-life Religious Council
