

ARCHDIOCESE OF DENVER

OFFICE OF THE ARCHBISHOP

February 20, 2008

To Whom It May Concern:

I am writing this letter at the request of Mr. Paul G. Kulas for *Justice for All*.

Justice for All is an organization which devotes itself to work on college and university campuses to engage students' minds and hearts regarding the reality of abortion. I have met with *Justice for All* and give my support to their mission in changing minds and hearts of the young on the most critical issue facing our society today.

The exhibits on campuses show the inhumanity of abortion and do so in serious and persuasive ways. The medical and emotional consequences of abortion are shown in a loving and non-condemning manner.

I recommend that you give consideration and support to *Justice for All* and the work they are doing in teaching our young people the value and sanctity of human life.

Sincerely yours in Christ,

Most Reverend Charles J. Chaput, O.F.M. Cap.
Archbishop of Denver
