Dear All,

I thoroughly enjoyed our time together with the JFA staff both in preparation for and on campus at the University of Central Oklahoma ([Pastor Paul wearing dark blue shirt](#)).

JFA's training class was of great benefit ([wearing the white shirt in the photo](#)) as I felt completely prepared to engage the student population in this dialogue.

After an extended conversation with a member of the UCO staff, we shook hands and he said that our dialogue was the best discussion he had ever engaged in with someone with my viewpoint. ([Paul pictured on the left](#)) Thank you JFA.

Count me in for future projects.
