Dear Arizona Friends,

If you attended the Stand To Reason (STR) seminar last August in Phoenix or Tucson, this message is for you.

One of the attendees of the STR seminar was Katherine Clark of Phoenix. She was so excited to hear about how we apply STR teaching to students that most need to know what we learn at a STR seminar, she asked how she could help at the upcoming Justice For All (JFA) Exhibit at Colorado State University.

When we learned that she is a professional photographer, we invited her to come to the Exhibit to help record it in pictures. To our delight she said "yes!"

However we just learned she is planning to drive from Phoenix to Denver to save money. I suggested that we appeal to the friends of **all** the babies in Arizona to help buy Katherine a plane ticket so that she will not arrive exhausted, and then have to turn around to drive home 4 days later.

I understand that about 140 people attended the STR seminars, but we only have the email from about half of the attendees, who are receiving this request by email.

Would you send a donation **TODAY** to enable Katherine to fly to Denver on Sunday and return to Phoenix on Thursday? Her ticket will cost about \$400. The shuttle to Fort Collins from the Denver airport will cost \$60 round trip. Add a few travel dollars and we would like to raise \$500.

If every person receiving this email sent \$7-8, we could cover her travel costs. You can send a gift online by clicking on [Katherine's Transportation Fund](#), or by check to the address on the left. Write in the comment section of the online donation form or your check, "Katherine Clark." Gifts are tax deductible to the fullest extent allowed by law.

Thanks for taking time to consider this appeal. Let's send Katherine to Fort Collins to help change hearts and save lives through the Justice For All Exhibit!

I Peter 3.15

David Lee
