Will your Feet Work this fall?

Dear Friends and Family,

Will your feet work this fall? We hope that you will join the hundreds who, because of your support, will attend Justice For All's (JFA) training program. As you may recall, JFA "seat work" is an interactive seminar. Then, students join us to do "feet work," which is a college campus outreach. Here they will share the pro-life message with thousands of college students.

Below is the fall schedule and a list of the organizations who will partner with JFA this semester. The training season has already begun. We trained thirty-three Wichita area volunteers on August 28th, and then we completed an outreach at Wichita State University (WSU) on August 29th.

As we continue the travel season, please pray:

- That each of the events on the fall schedule will be confirmed.
- That each of the campus reservations will be completed with minimal complications.
- For the health and safety of the JFA team during travel.
- That I will be able to complete all of the behind-the-scenes office tasks during my short returns to Wichita between trips.
- For *Ryan, whom I met at the recent WSU outreach. Ryan said he was a Christian, holding many conservative beliefs. So, it was surprising to me that he favored abortion during the first two trimesters.

At the end of the conversation, I could tell that his position on abortion bothered him. Pray that God will use our conversation to change his heart.
