The Semester Has Started!

Dear Family and Friends,

Justice For All's fall seminar and outreach events are in full swing! I am writing this newsletter as I'm preparing for the departure of my fourth trip. First, I traveled to Russell, Kansas and worked with over 70 pro-life advocates at the annual Respect Life Conference in the Salina Diocese. (See the enclosed article to read a reflection written by the Bishop of Salina, who attended the workshop). Upon my return to Wichita I enjoyed a visit from my mom, older sister, and one of my nephews before departing for seminars in Athens, Georgia and two days of outreach at the University of Georgia—Athens. Within 56 hours of my Georgia flight landing in Kansas, I loaded up my car and drove to Nebraska for a week of presentations and four workshops. It was a blessing to work with over 62 Nebraskans at these workshops. It has been busy and fruitful! I look forward to sharing some stories with you in future updates. For now, would you please join with me in praying for those I've met and the rest of the upcoming semester? Here are some praise items and prayer requests:

Praise Items:

1. Praise the Lord for the many opportunities JFA has to train pro-life advocates.
2. Praise the Lord for the students He allowed me to speak with on college campuses over the last several weeks.
3. Praise the Lord for the safe travels that the JFA team has had.
4. Praise the Lord for the college pro-life clubs that are impacting their campuses with the truth about abortion.
5. Praise the Lord for all of the strength, wisdom, grace, and joy He continually provides for me when I am weak.

Prayer Requests:

1. Please pray for those JFA has trained and equipped, that they would continue having conversations about the value of human life.
2. Please pray for the seeds of truth that have been planted at outreach events to take root.
3. Please pray for the rest of our fall workshops, seminars, and outreach events to go smoothly.
4. Please pray for me to more fully trust in God and leave the results of my labor up to Him.
5. Please pray specifically for a student I met, "Gianna," who share with me that she was 12 weeks pregnant and contemplating abortion. We had a good conversation about the resources locally available to her and the truth about abortion. However, we exchanged information and although I have reached out to her since the outreach, she has not responded. Pray for Gianna and for the protection of her child.

*Part of the JFA team at the University of Georgia at Athens!
I am behind the camera taking the picture.*

Defending life together,

Rebecca J. Haschke
