

"It is a poverty to decide that a child must die so that you may live as you wish." – Mother Teresa

December 1, 2009

Dear Family and Friends,

It is official! I'm am in Wichita, KS and have started my full-time work with Justice For All. When I moved from Nebraska to Wichita in mid-November I was greeted with a warm welcome from the Justice For All staff I will be working with for the next couple of years! (You can view many of them at work and in action at a JFA Exhibit in the photos to the right.) Currently, I'm learning the in's and out's of working in the office and all of details involved with the behind the scenes work in order to prepare for the spring semester.

Thank you to everyone who has joined my support team and are making it possible for me to train others how to defend life! Thanks also for all the prayers and encouragement you have sent my way!

In November the Justice For All team traveled to Oklahoma to lead two training seminars and as well as outreaches with the Exhibit at Oklahoma State University (OSU) and the University of Central Oklahoma. Because I was preparing to move and working on completing my support raising I did not travel with the team, but there is an exciting story to share from this outreach.

*A young pregnant abortion-minded woman who was on campus during the outreach talked to a volunteer trained by JFA Staff. After a conversation with this trained volunteer, the expecting mother **decided she would not abort her child because she saw the JFA Exhibit.***
Praise God!

It is support like yours that makes changing hearts and saving lives a reality! Thanks again!

Defending human value together,

Rebecca Haschke
