Dear family and friends,

Lydia stopped by our "Should Abortion Remain Legal?" poll table last week at Fresno City College in central California. She was hesitating to sign *yes* or *no*, so I asked what was on her mind. She said sheepishly, "I'm confused."

"That's a tough place to be," I said. "Can I share some information with you and see what you think?"

"Sure."

I showed her our JFA Exhibit brochure and made the case for the humanity of the unborn

child. She was very moved by the abortion photos. I then walked her over to the local pregnancy center's resource table, and she was amazed by the life-size fetal models on display.

We talked through several reasons people use to justify abortion. Lydia agreed we wouldn't use those reasons to justify killing born children.

As we walked away from the resource table, I asked Lydia what she thought about everything. "Oh, I'm not confused anymore!" she said. "You've changed my mind—thank you!"

Well, I asked a few questions, but the *truth* changed her mind.

In Christ,

Catherine Wurts

Please pray for our team's upcoming events:

Sept. 28-Oct. 6 Focus Leadership Institute & CU Boulder (CO)

Oct. 15-27 3 community seminars, 3 high school seminars, and 4 days of outreach at UCO and OSU (OK)

Oct. 27– Nov. 19 Personal support-raising events in California

Nov. 3-7 University of North Texas

Live in California?

I'll be working from Ventura for one month starting October 27th to raise the last 30% of my financial support. If you live in southern California, I'd love to visit your Bible study, men's or women's fellowship group, service organization, etc. I'd share a simple 15-minute presentation about JFA's mission and how people can get involved. If you have such an opportunity for me, please email or call me at Catherine@jfaweb.org or 316.308.0720. Thank you!
