

New Team Members & New Cities

Dear Friend of Justice For All,

Rejoice with us! Kristine Hunerwadel (1) just joined our team as a trainer working from Denver, Colorado. Alora Tunstill (2) just began a fall internship, based in Northwest Arkansas. JFA trainer Kristina Massa (3) recently relocated to Kansas City. Kristine, Alora, and Kristina will help greatly expand JFA’s training efforts in these areas. Denver and Kansas City are established metro areas, and Northwest Arkansas is the 13th most rapidly growing metro area in the country (Source: Wikipedia).

We’re excited about these new team members and new cities, but we’re also excited about the ongoing local efforts of our trainers in other regions (see below right). Look for us to do more in all of these areas in the coming year, as well as continuing our work in regions where we have dedicated volunteers and church connections even if we don’t have full-time trainers based there...yet (Arizona, Minnesota, Oklahoma, and others).

Our team is working across the country to train Christians through workshops and outreach events to change hearts and minds. Please pray that God would use these efforts to save unborn children and their parents from abortion. Would you give a special gift this month or commit to become a monthly partner to support the excellent work of these trainers?
