CHANGING HEARTS AND MINDS ON ABORTION

Love the woman, the unborn child, and those who differ. *Equally*. Every moment. Every conversation.

A DIFFERENT KIND OF CONVERSATION

Justice For All is a pro-life training organization that equips pro-life advocates to dialogue about abortion in a manner that respects the dignity of the unborn child, the woman in distress, and the person who disagrees, all at the same time. Our team travels to college campuses nationwide to engage pro-choice advocates in conversations aimed at making abortion unthinkable.

OUR TRAINING IS INTERACTIVE

Too often, Christians get stuck in "debate mode" and lose sight of the person with whom they're speaking. Through role-play in a safe workshop environment, we teach Christians to transform each contentious conversation into a dialogue marked by active listening, thoughtful questions, and finding common ground when possible.

MENTORS GUIDE EVERY STEP

01 Our experienced trainers equip your group with a comprehensive case for the pro-life position, teaching arguments refined through thousands of conversations with pro-choice advocates.

02 Participants are mentored through role-play exercises, gaining practical skills that go beyond theory.

03 Participants are invited to a local outreach event, where they observe conversations and start their own when they are ready. Then, they debrief with a mentor.

04 After the outreach event, our mentors continue to be available to JFA program graduates to offer advice and encouragement.

WORKSHOPS & PRESENTATIONS

We offer standalone workshops and presentations that condense our flagship training into focused topics to meet the unique needs of your group. As active field workers, our speakers share outreach stories and provide important insights into current cultural mindsets.

INVITE US

Bring the JFA training program or a speaker to your group by contacting your local JFA representative or by filling out our event request form:

"JFA is the most effective pro-life training organization I have ever worked with in my thirty years of pro-life work."

Fr. Brendan Rolling, Benedictine College

"Justice For All is the best thing we do as a school."

Aaron Ferguson, Christian Heritage Academy

"I know of no other group that does such an outstanding job of... guiding teams of people through the actual process of dialogue."

Pastor Chris Haynes, Trinity Baptist Church

"JFA... helped make me the pro-life advocate I am today. I wholeheartedly recommend anyone interested in learning how to defend the unborn check out their program."

Trent Horn, Catholic Answers
